

The 'Classwork' section is where all the work, assigned by teachers, will be. Children will have the option to type, create and complete activities straight into the Google Classroom task.

Teachers may add documents for the children to complete their work on. If using the Classroom 'app' on a tablet, children may need to download additional 'Google Apps'.

The screenshot displays the Google Classroom interface for a class named 'Test Class'. The 'Classwork' tab is selected and highlighted with a blue arrow. The interface includes a top navigation bar with tabs for 'Stream', 'Classwork', 'People', and 'Marks'. Below the navigation bar, there is a 'Create' button and links for 'Meet', 'Google Calendar', and 'Class Drive folder'. The main content area shows a list of topics on the left and a list of posts on the right. The posts are:

- What are your hobbies? (Posted 14:34)
- Humanities research (Posted 14:34)
- Welsh Placemat (Posted 14:33)

The 'Health and Wellbeing' topic is currently selected, showing a title and a vertical ellipsis menu. Below the topic, a message states: 'Students can only see topics with published posts'. The 'Expressive Arts' topic is also visible below.
